

Enjoy Clear Calls with 4 Mics

4 microphones tech reduces environmental noise and offers a crystal-clear & loud talk

Wireless Bluetooth 5.0 ANC Stereo headset

MPow series

THX3

True Wireless Earbuds with Active Noise Cancellation and 4 Microphones Noise Cancellation, Touch Control, 30 Hours of Playback, USB-C Charging Port, Bluetooth 5.0, 10mm Dynamic Drivers, IPX8 Waterproof

SMART TOUCH CONTROL & 4 MIC FOR CALLS:

With just finger touch, you can control music, volume, calls, ANC function and voice assistant.

The hollow-designed touch area can better prevent accident touch when you take them out.

This headset adopts the 4 microphones noise-canceling tech which improves call clarity.

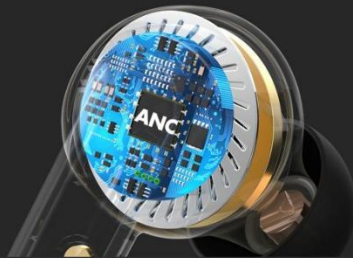

You no longer have to shout at your phone no matter where you are as the ambient noise around you is reduced before the other end hears it.

Active Noise Cancellation (ANC)

Top tech gives you the purest music & immersive world

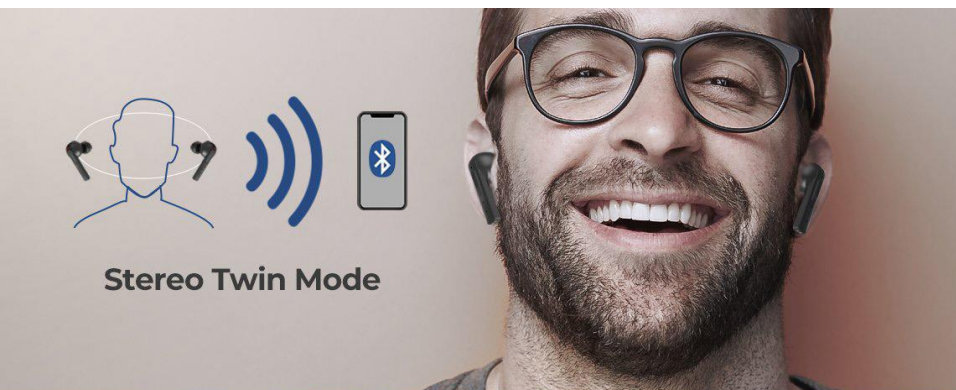

-28dB

WHAT'S ANC?

The advanced built-in chipset continuously monitors the environmental low-frequency noise and calculates in advance to cancel the ambient noise before you hear it. (effective noise reduction level: 28dB).

This ANC earbuds are born for serving you with more immersive music with less harmful outside noises. It takes care of your hearing.

Stereo Twin Mode

SPECIALLY TUNED EQ WITH PUNCHY BASS:

10mm large driver with the lightweight PET diaphragm which is made of high polymer material is agile for precise oscillation.

Coupled with expertly-tuned sound, X3 wireless earbuds can provide unprecedented sound with punchy bass and delicate treble at any volume. Note: Choosing the best fit of soft silicone eartips can improve the effect of noise isolation and keep bass purer.
