# Splice+ Function

## Real Time Data Collection

Splice+ collects splice & accessory data together, in real time. Splice+ can provide GPS data for each splice data via smartphone.

## Smart Lock Security

The fusion splicer is automatically locked when Bluetooth communication with the smartphone is lost, preventing unauthorized use. But users can easily unlock the fusion splicer when pairing via smartphone.

## Software Update

Splice+ can update the software version of fusion splicers & accessories.

- USB cable between fusion splicer and smartphone is required.
- Fusion splicer software update feature is only available on Android™. Android is trademarks of Google LLC.
