

Designed to perform radial cuts on 1/4" to 3" (6.3 - 76 mm) copper, brass, aluminum and plastic tubes, this tube cutter is perfect for cutting open fiber optic ducts and other tubes without damaging anything inside them. This tube cutter also features the following:

- Four roller bearings securely hold tubes in place while cutting
- Quick release push button disengages the tool from the pipe quickly and easily
- Removable reamer stored neatly in handle for deburring and reaming after cutting
- Cutting wheel can be removed easily without tools
- Included spare cutting wheel stored within the knob for convenience
